Please submit RFQ for MAX236CNG or Email to us: sales@ovaga.com We will contact you in 12 hours.

**RFO** 

## **General Description**

MAX236CNG is a specific integrated circuit (IC) manufactured by Maxim Integrated. It is a dual RS-232 driver/receiver that is used for communicating serial data over long distances.

Features	Application

Dual RS-232 driver/receiver Industrial control systems

Supports data rates up to 120 kbps

Point of sale (POS) systems

Operates from a single +5V supply

Networking equipment

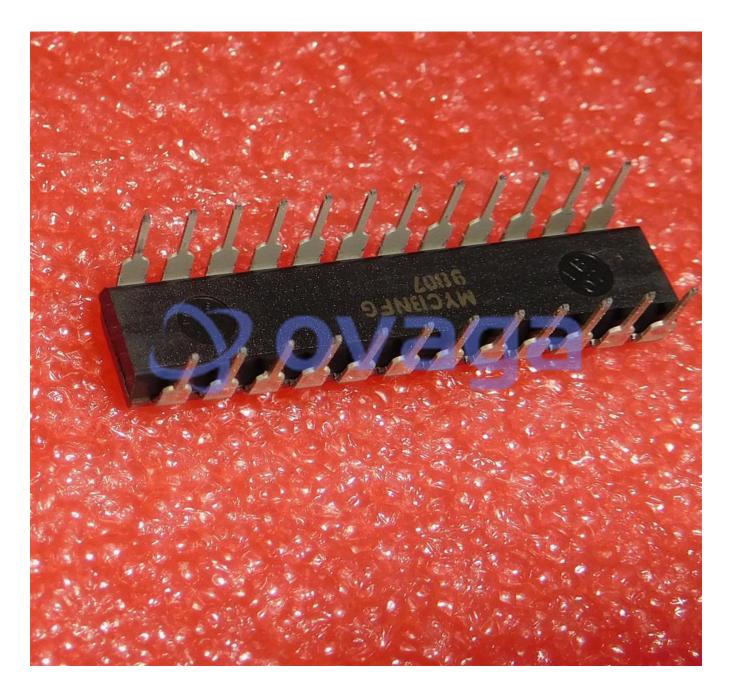

Low power consumption Telecommunications equipment

Requires only four external capacitors

Medical equipment

Includes electrostatic discharge (ESD) protection Test and measurement equipment
