General Description

TN80C188XL20 is a microprocessor from the 80C188 family of Intel's 16-bit microprocessors. It was designed for embedded systems and industrial control applications. Here are some of its features:

Features

- 20 MHz clock speed
- 16-bit data bus
- 24-bit address bus
- 256 bytes on-chip scratchpad RAM
- 64K external data space
- 1K external program space
- 16-bit timer/counters
- 16-bit interrupt controller
- 8-channel DMA controller
- Low power consumption

Application

- Industrial control systems
- Automation systems
- Robotics
- Data communication equipment
- Medical equipment
- Automotive systems
